

Earn College Credit FASTER

College-Level Examination Program

As part of the Oakland80 initiative, Oakland County Michigan Works! is offering free CollegeLevel Examination Program (CLEP) testing to eligible participants. These tests offer individuals the option to quickly earn college credit after passing an exam that can be administered to fit your schedule. Take the opportunity to skip the class and earn the credit!

What is CLEP Testing?

CLEP allows students to earn college credit by passing exams that cover material typically taught in introductory college courses. Instead of taking an entire course, students can test out and move ahead.

CLEP offers 34 exams that cover introductory level college course material. With a passing score on one CLEP exam, you could earn three or more college credits at over 3,000 colleges and universities in the United States.
