Oakland County International Airport (KPTK)
Oakland/Troy Airport (KVLL)
LANDING FEE
New Rate Schedule

September 2026

Dear Airport Tenant/Operator:

Oakland County Airports (OCA) is providing notice of an upcoming adjustment to the landing fee rate at Oakland County International Airport (KPTK) and Oakland/Troy Airport (KVLL).

As the costs of airport maintenance and operations continue to increase and Oakland County Airports operate as a self-sufficient proprietary fund - funded by its users not supported by general fund taxpayer dollars, Oakland County Airports surveyed comparable airports in the Great Lakes region. The review found that current landing fees at comparable airports ranged from approximately \$1.92 to \$6.88 per 1,000 pounds, with several of the surveyed airports charging \$3.34 per 1,000 pounds.

Effective October 1, 2026, the landing fee for aircraft with a maximum takeoff weight (MTOW) of 12,501 pounds or greater will increase to \$3.34 per 1,000 pounds of MTOW.

Aircraft based at Oakland County's Airports are exempt from landing fees.

PlanePass will continue to administer the landing fee program on behalf of Oakland County Airports, including invoicing and collection of applicable landing fees.

The revised rate will apply to applicable non-based aircraft operations occurring on or after October 1, 2026.

Please ensure that the appropriate personnel within your organization, including flight operations and accounting staff, are made aware of this change.

Thank you for your attention to this notice and for your continued operation at Oakland County Airports.
