

GoBeyondBeauty Barberry Turn-in Day

Saturday, Oct. 10, 2026 10 a.m.-1 p.m.

Kenning Park 2295 E Lincoln St, Birmingham, MI

Dig 'em up and bring them out!

As part of our GoBeyondBeauty program Oakland County CISMA & Oakland County Parks is partnering with the City of Birmingham to reduce invasive garden plantings and escapes!

Come out to Kenning Park in the City of Birmingham to drop off your unwanted and invasive barberry to be sustainably and industrially composted and chat about invasive species. Starting in January 1, 2028, it will be unlawful to introduce, import, sell, possess with intent to distribute, or intentionally propagate barberry in Michigan.

While supplies last, dig up and drop off a barberry shrub and you can receive a native shrub to replant in its place!
